

UNION POLICY (GENERAL MEETING – (20.10.10)

UNITE AGAINST FASCISM – STOP THE BNP & EDL

THIS UNION NOTES

1. The rise of racism and fascism across Europe.
2. Organisations like the English Defence League terrorising communities across Britain.
3. The dramatic rise of Islamophobia (anti-Muslim racism).
4. The activity of organised racists on some university campuses. In Stoke last year, fascists spray-painted racist slogans across the university, Black and Asian students were attacked, and the SU General Secretary was seen handing out leaflets bearing a Swastika.

THIS UNION BELIEVES

1. Racism and fascism are poisonous ideas, which have no place in our University or City.
2. If we are to create a society free from racism and fascism, challenging these ideas must be the duty of everybody who opposes them.
3. A large national demonstration involving all sections of society could help turn the national mood in favour of immigration and against racist scapegoating of Muslims and other minorities.

THIS UNION RESOLVES

1. To support the UAF march and carnival on 6th November 2010.
2. To book and help fund a coach to London for the march.
3. To publicise the demonstration across the University.
