

Following my return from Copenhagen (which was immense!) I spent the two days I had in work evaluating the past term and going to the staff party!

Otherwise, the only matter worth reporting is the following:

Had informal meeting with the General Manager (minuted by Campaigns Officer) concerning the CTC report and the GM's response. The GM will now produce an action plan outlining a timeline, roles and responsibilities and risks where appropriate for the following:

Strategic Development and Planning Cycle  
Appropriate Goals and Targets & KPIs  
Performance Management Systems  
Staff Structure and Clarity of Roles/ More staff to non commercial areas  
IIP Accreditation

The deadline for the report is the 22nd of January.\

Happy New Year!
