

I had a welfare stall in the Freshers Fair, and got 25 volunteers signed up for future welfare campaigns.

Organised the condom fairies for Tuesday, Wednesday and Saturday (and did the job myself for a couple of embarrassing hours!)

I distributed "Spikeys" and did some face painting for five hours at the Freshers Ball.

I attended a Critical Incident meeting at West Didsbury police station, to discuss an assault upon a student.

Produced a welfare column for the paper.

Kept organising Know Your Rights week.

Met with a woman from the George House Trust (charity helping people live with HIV) to discuss possibilities for World AIDS Day and Sexual Health Week.
