

Welfare Officer Report to Council- the last one!

Since the last inquorate council meeting (May 18th) I have...

- Supported students through a disciplinary case, three plagiarism hearings and a number of meetings pertaining to an official complaint.
- Had a meeting with the Vice Chancellor and senior management of the University and raised their response to the Student Loans Company crisis and what can be done better this year (it's going to happen again).
- Requested that all the meeting rooms without hearing induction loops (Council Chambers and the Main Hall already have them) are fitted with the necessary equipment to link up to our AV units.
- Submitted two anti-burglary messages to be the Message of the Day on University cluster PCs.
- Recruited a crack team of condom fairies to promote safer sex at Pangaea. Ordered A LOT of condoms.
- Had bananas (brain food!) distributed outside John Rylands Library.
- Attended the Policy Committee meeting for Manchester Student Homes.
- Supported the Community Reps through two remaining events (a clean-up/community barbeque and a workshop producing free plants for local residents and students alike).
- Helped write a statement condemning the Russell Group for their calls to raise the cap on student fees.
- Pushed for an increased pay for subsequent Executives.
- Produced a handover pack for the new Welfare Officer, Hannah ☺

Just a little fact for you: I've just got my yearly Chlamydia testing stats. Out of several hundred tests, I can proudly reveal that the University of Manchester has a low Chlamydia rate of just over 3% (that's 3% of all people who bother/need to get tested, read into that what you like!)

And now... Not a moment too soon... **Goodbye!**
