

Apologies for the brief report, it's the middle of women's week and it's hectic!

Feminism Rocks: Women's Week: This took a long time to prepare and has so far been very successful, and I've had a lot of good feedback. It seems like more things will come out of it for the rest of the year. It involved planning and preparing numerous practical workshops, writing press releases, publicity, general organisation etc.

Student Parents: I have supported student parents in setting up a society in the Union and helped with publicity and organisation.

Welfare Reform: Continued research in this area in Manchester and facilitated a national planning meeting.

Casework: I had a lot of casework to deal with over Easter.

General Meeting: Put in two motions to the general meeting and planned a campaign day around them to get people along.

Riveters: Weekly meetings continued over the Easter holiday as well as attending some local fundraisers and other meetings.

Reclaim the Night/Whitworth Park: Have been in contact with the Council about Whitworth Park as it is a focus of reclaim the night, they have been reviewing safety there and have a few proposals.
