

Rivs Meeting 26/02/09

Anthropology Group

- A group of Social Anthropology students are doing their coursework on the specific make up of a group and are engaging with the Riveters to do this. They're interested in feminism so it's cool!

Reclaim the Night North

- 'Amazing'! 250 people there.
- Really liked how inspirational the speakers were.
- NUS Women's Campaign were notably absent.

Inspirational Women's Day

- 7th March in Miles Platting, a day of engaging with the community about feminism through a women's rights stall. Agreed to send people.

Upskirting

- Where people take pictures up women's skirts!
- We agreed it was disgusting, and we should smash films up in old-style cameras if we ever see it!
- ACTION - write a letter to flickr (who post them) registering our disgust.

Wall of Shame

- For women's week, show how the degradation of women is much worse than that of men.
- Include the 'Keep your assets out of sight' posters
- Also disgusted about BOP titles, will send alternative themes to the organisers such as: Tree frogs, auderves, christmas trees, dress as your degree, conservatively dressed hos, favourite feminists, grandmas.
